

# JOIN THE TEAM ESSENTIAL TO THEIR FUTURE

“There is an overwhelming sense of wanting to make a positive difference which I find inspires me further”

# DELIVERING LIFE'S MOST PRECIOUS RESOURCE TO OUR COMMUNITIES

There's a special feeling when you find a career you know is worthwhile. One that is essential to our communities and the people who live in them.

**This is what our people love about their job:**

"We keep the water flowing to our communities"

"We are making a difference to the future (social, environmental, and economic)"

"I love the fact that we produce one of the three basic commodities people require to live, and are genuinely striving to produce higher quality water at a better price for Queenslanders"

A young boy with brown hair, wearing a light blue long-sleeved shirt and dark shorts, is standing on a sandy shore and fishing. He is holding a red and black fishing rod with a red reel. The background is a large body of blue water under a clear sky.

# WATER GIVES AND SUSTAINS LIFE

Delivering a safe, secure and reliable water supply for South East Queensland.

**3.1 MILLION**

people use *Water for life*  
in our region every day

**2.6 MILLION**

people visit our recreation  
areas each year

**1,200**

farmers use *Water for life*  
to feed our region

# YOU'RE IN FOR A GREAT DAY WITH GREAT PEOPLE

Join us and you'll work with a talented team of people who share a sense of fun and passion for what they do, respect and support their team mates, and work together to achieve great results.

**A team of people with the best interests of the community at heart.**

We have talented teams working across many locations with diverse skills, knowledge and experience, performing a wide range of roles.

Each role contributes to the delivery of the essential services we provide. Right across our business, we're committed to diversity of thought and working together to deliver the best outcomes for our communities.

# INSPIRING PERSONAL AND PROFESSIONAL GROWTH

With opportunities for variety in your role, and career growth and development, we're committed to providing you the support you need to support our communities.

In an industry that is evolving and responding to community needs, many of our people say they're motivated and stretched by the variety and diversity within their jobs. If you thrive on a challenge, you will enjoy our emphasis on innovation and quality, and be recognised for your contribution.

At Seqwater, we provide an environment in which you will continually learn, grow and develop new skills. You will receive the support to reach your full potential through development activities tailored to your specific needs.

# YOUR PLACE IN OUR TEAM

Whether you work at our new Ipswich HQ or in our beautiful regional areas, there has never been a better time to join our Seqwater team.

With a highly diverse portfolio of assets and responsibilities, we have career opportunities across a variety of areas.

## STRATEGIC POLICY, RESEARCH, PROGRAMME & PROJECT MANAGEMENT

Professionals in this field are focused on ensuring we have *Water for life*, whether it be in the infrastructure project management, strategic asset management, or research and innovation fields.

## SCIENCE & ENVIRONMENT

Technicians and professionals manage the systems and the processes that deliver safe, quality water to our communities.

## TRADES

A diverse range of tradespeople keep our infrastructure, plant and equipment working, making sure we deliver *Water for life*.

# A PASSIONATE TEAM MAKING A POSITIVE IMPACT

## CORPORATE SERVICES

Professionals and administrators across a diverse range of disciplines, including Human Resources, IT, Safety, Legal, Finance, Communications, Community Relations, Governance, Risk and Strategy, support our operations.

## ENGINEERING

Our engineers work on the planning, design, delivery and maintenance of Seqwater's assets and remote monitoring systems.

## OPERATIONS

A broad range of operational roles ensure the water flows from 'catchment to tap' with people working in our catchments, at dams and water treatment plants, and delivering recreation services to our communities.

Yes, we ensure a safe, secure and reliable water supply for millions of people across South East Queensland, and we believe the way we provide these services is just as important as the services themselves.

We are proud of our values and our team members understand the importance of these values and the impact and reassurance they offer.

- ✓ We work safe
- ✓ We deliver
- ✓ We work together
- ✓ We continuously improve
- ✓ We each make a difference

If you feel you can live these values and are looking for an extraordinary career in which you can make a real impact, we'd love to talk to you.

## A WORKPLACE TO BE PROUD OF

There's a sense of pride that comes from working in the water sector.

We're looking for great people to join our team in sustaining this most essential service.

Visit our website to explore how together, we're essential.

**We hope to see you soon.**
