

Recreation activities

Seqwater provides a variety of recreation activities for the community to enjoy, drawing more than 2.5 million visitors to our lakes and recreation areas each year.

While our rangers regularly patrol our dams, lakes and parks, they can't be everywhere to help you. Make sure you are familiar with our recreation [rules of access](#) and that you have the required permits and safety equipment.

Plan ahead and play it safe

Before you leave home, always check seqwater.com.au for latest information on permitted recreation activities, lake conditions, current closures and important safety notices.

Remember, no overnight stays on the water are permitted.
