

7 January 2022

Dear Customer

Special announcement for taking water from Lockyer Creek (Zone 1) Central Lockyer Valley WSS

The announced allocation for the Central Lockyer Valley Water Supply Scheme (WSS) medium priority surface water allocation holders in Zone 1 is zero percent from 1 January 2022. Under a zero percent announced allocation, water may only be taken from Lockyer Creek (Zone 1) by special announcement.

In accordance with section 4.4 of the Central Lockyer Valley WSS Operations Manual, water from Lockyer Creek (Zone 1) is made available to you by this special announcement for the 2022 water year subject to the following conditions:

1. This announcement expires on the earlier of:
 - an announced allocation of greater than zero percent for medium priority surface water allocation holders in Zones 1 (Lockyer Creek), or
 - 31 December 2022.
2. Water taken under this announcement must not exceed the total nominal allocation volume (ML) held by you and must be taken through a water meter. *(If you DO NOT have a water meter please contact your Irrigation Team).*
3. This announcement is made only to those customers who have direct access to water from Lockyer Creek and who's medium priority surface water allocation is located in Zone 1.
4. Water must be available in Lockyer Creek.
5. Seasonal water assignments are not permitted under this announcement.
6. All accounts must be paid in full or a payment plan in place before any water can be taken under this announcement.

How do I know if I am in Zone 1?

This message has only been sent to customers who hold a medium priority surface water allocation in Zone 1 as per our records. Also included is a map of the surface water zones in the Central Lockyer Valley WSS. Zone 1 is shown in Orange.

For further information please contact irrigators@seqwater.com.au or call 1800 077 005.

Yours sincerely

Petrina Douglas
